

FRIENDS OF AFRICA

A USCAP initiative

USCAP 2018

Geared to Learn! What an engaging and enlightening meeting. Vancouver, British Columbia was the beautiful venue. The need for mentorship and advances in personalized medicine were some of the highlights of the meeting. We look forward to seeing everyone at USCAP 2019 holding in Maryland, USA.

Upcoming FOA 2018 Workshop

The next workshop for West African pathologists is scheduled for August 27-31, 2018. It will hold in conjunction with WADIAP in Lagos, Nigeria. The major theme is forensic pathology. In addition, clinico-pathologic correlation in diagnostic surgical oncology will be reviewed. Faculty from the United States and Africa are expected to make presentations at the meeting. Registration is open to all pathologists in West Africa.

Friends of Africa Meeting USCAP 2018

We had an exciting time at the friends of Africa (FOA) annual meeting which held on Sunday March 18, 2018. In attendance were many pathologists, including the president of the French division of International academy of pathology (IAP), immediate past president of the British division of IAP and the vice-president of West Africa division of IAP. The President FOA, Dr. Adekunle Adesina discussed the activities, opportunities and challenges over the past year. Dr. Oyedele Adeyi, Vice-president FOA, discussed the benefits of faculty going to Africa. He emphasized the great impact faculty make, and the opportunity to learn from our colleagues in Africa. Dr Dan Berney promised that histopathology journal will be available for African pathologists while he is the editor. Dr. Kingsley Ndoh representing Bioventures for Global Health, spoke on their activities in Africa and possible avenues for collaborative work.
